STUDENT DECLARATION

I have read and understood the College's Credit Transfer Policy and Procedure available on the website <http://www.melbournecitycollege.edu.au>

Student Signature: _____

Information about Credit Transfer

Decisions relating to credit transfer are based on evidence of prior completion of an equivalent training product demonstrated by AQF certification documentation or an authenticated VET transcript (unless prevented by licensing or regulatory requirements of the training product).

Credit Transfer as per the Australian Qualifications Framework - Credit transfer is a process that provides students with agreed and consistent credit outcomes for components of a qualification based on identified equivalence in content and learning outcomes between matched qualifications. This is under pinned by the AQF definition of credit as follows: Credit is the value assigned for the recognition of equivalence in content and learning outcomes between different types of learning and/or qualifications. Credit reduces the amount of learning required to achieve a qualification and may be through credit transfer, articulation, recognition of prior learning or advanced standing

Visa compliance for onshore international students - Onshore international students are required to complete their study within the expected program duration as per the ESOS Act 2000 (Cth) and enrol in a 100% load each semester (unless the College has approved a reduced study load). If you are granted credit transfer for a number of courses it may change your expected program duration and you will need to complete your program in the revised time frame as per your revised CoE.

Note:

The College may decide to reject an application from a student on the following grounds:

- In the event that the VET transcripts issued by the Registrar cannot be authenticated
