- 2. Protection of tuition fees paid in advance by student visa holders is undertaken in accordance with ESOS legislation the Education Services for Overseas Students Actand the Tuition Protection Service (TPS) framework.
- 3. The College implements requirements for Provider Default – Part 5, Division 1, Subdivision A of the ESOS Act 2000 (Cth)

The following steps outline the TPS process if a provider default occurs:

Step 1 – Provider default occurs

The College defaults, in relation to an overseas student or intending overseas student and a course at a location, if:

- the College fails to start providing the course to the student at the location on the agreed starting day; or
- b. after the course starts but before it is completed, it ceases to be provided to the student at the location; and the student has not withdrawn from the course before the default day.

Step 2 – Notifying the ESOS Agency, the TPS Director and students

The College must notify the ESOS Agency and the TPS Director of the default within 3 business days of the default occurring through the Enrolment Officer via PRISMS. The College must also notify students in relation to whom it has defaulted.

The notices must be in writing and meet the requirements of section 46B.

Step 3 – Provider obligation period

The College has 14 days after the day of the default (the provider obligation period) to satisfy its tuition protection obligations to the student.

Step 4 – Notification of the outcome- discharge of obligations

The College has 7 days after the end of its obligation period to give a notice to the ESOS Agency and the TPS Director via PRISMS of the outcome of the discharge of its obligations. This notice must comply with the requirements of section 46F.

The following Steps outline the TPS process in a case of a student default:

The College must enter into a written agreement with each overseas student or intending overseas student that:

- a. sets out the refund requirements that apply if the student defaults; and
- b. meets any requirements set out in the National Code 2018.

Step 1 - Student default occurs

An overseas student or intending overseas student defaults, in relation to a course at a location, if:

- a. the course starts at the location on the agreed starting day, but the student does not start the course on that day (and has not previously withdrawn); or
- b. the student withdraws from the course at the location (either before or after the agreed starting day); or
- c. the College refuses to provide, or continue providing, the course to the student at the location because of one or more of the following:
 - i. the student failed to pay an amount payable to the provider for the course;
 - ii. the student breached a condition of his/her student visa;
 - iii. misbehaviour by the student (Note: the student is entitled to natural justice under subsection 47A(3)).

A student does not default for failing to start a course on the agreed starting day if he/she does not start that course because the provider defaults in relation to the course at the location.

Step 2 – Notifying the ESOS Agency and the TPS Director

To meet Tuition Protection Service (TPS) reporting obligations, providers only need to report on whether they have provided a refund to a student in two cases of student default:

- where a student's visa is refused, even if there is a compliant written agreement in place
- where there is no compliant written agreement in place.

This reporting is done by the Enrolment Officer via PRISMS.

Step 3 – Provider obligation period

If a student or intending student defaults the College must provide a refund in accordance with the requirements under either section 47D or 47E of the ESOS Act, depending on which section applies to the circumstances of the default situation.

The College must pay the refund within the period (the provider obligation period) of 4 weeks after the day specified in section 47D or 47E, depending on which section applies to the circumstances of the default situation.

Step 4 - Notification of the outcome -discharge of obligations

The College has 7 days after the end of its obligation period to give a notice to the ESOS Agency and the TPS Director of the outcome of the discharge of its obligations where the provider is required to provide a refund under 47E. (i.e. where there is no written agreement in place and also in cases of visa refusal, whether there is a written agreement in place or not). This notice must comply with the requirements of section 47H.
