- b. Each Student is required to provide a certified/agent verified copy of their current IELTS level from their IELTS provider.
- c. If the IELTS test or its equivalent shows that the English language requirements have not been met then the student will need to undertake a period of study in an English language course that gives an outcome at the upper intermediate level.
- d. In the event that a student does not have formal evidence of English proficiency or of other vocational qualifications, they will be required to sit an English Language Placement Test. As a result of this test students may be enrolled directly into the course or may be required to undertake a specified period of English language study.
- e. Students who originate from Level 1 or 2 countries and are not required to provide an IELTS score will be requested to complete the College's English Language Placement test.

For Domestic/ Other Temporary Visa Students

- After receiving a completed Application Form- Domestic Student/ Application Form-Other Temporary Visa Student, the Enrolment Officer will make a decision on eligibility.
- Students will need to meet the following entry requirements dependent on the chosen course:

 - Successful completion of the College's Language Literacy and Numeracy (LLN) Test relevant to the levels

other temporary visa student's application, the Enrolment Officer is to complete an Admission Checklist- Domestic/Other Temporary Visa Student.

4. The Enrolment Officer of the College through an online LLN test result of the applicant assesses the applicant's Language, Literacy and Numeracy skills necessary for studying at the required level of the proposed qualification. The application is also assessed to determine whether the applicant meets the required entry level competencies for the particular qualification in which the applicant wants to enrol.
5. If the applicant's Language, Literacy and Numeracy (LLN) skills do not meet the College's admission requirements, a learner may benefit from undertaking an English course if there is a gap of one ACSF level between their existing performance and the level required to successfully complete a qualification/course. The College may also consider it unnecessary to provide an English course unless there is more than one ACSF level difference between the existing level of a learner and the level needed to successfully complete a qualification/course. The College may determine that the VET course delivery will address the contextualised gap training needed so that the learner will be able to successfully complete without needing specific English course delivery support. If the gap is too large, for example two ACSF levels, then the College may determine that specific English course support is required.

LLN Requirements to Vocational Qualifications:

- a. Enrolment into each course requires each domestic student to meet the specified LLN Skills as per their chosen course.
- b. Each Student is required to take a Language, Literacy and Numeracy Test for a relevant level. The LLN test is assessed online.
- c. If the LLN test shows that the LLN requirements have not been met then the student may be required to undertake a period of study in an English course provided by the College that gives an outcome at the required LLN level.
- d.
